DETAILED ACTION

Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-5 and 11-13, drawn to an air /cooling/tempering device having the special technical feature of a plurality of rollers, air-blowing heads, lower air-blowing heads and air-blowing head moving mechanism.

Group II, claim(s) 6-10, drawn to an air /cooling/tempering method having the special technical feature of stopping the blowing air, blowing air, and using air blowing heads.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: There is no indication that the device of Group I is "specifically designed for carrying out" the method of Group II; this is evident by the fact that there lacks any evidence that the contribution over the prior art by the apparatus corresponds to the contribution the process makes over the prior art as is set forth in MPEP Appendix AI (Administrative Instructions Under the PCT) Annex B, Part I (Instructions Concerning Unity of Invention). Therefore, unity of invention is lacking.

Art Unit: 1731

A telephone call was made to Surinder Sachar on 1/6/03 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
